

Abstract geometric lines in the top left corner, consisting of several overlapping, tilted rectangles and polygons in various shades of gray.

Company Brief

MADEAV
AUDIOVISUAL

ABOUT US

We are Audio Visual and IT Network specialists at heart, but we also integrate into Video Recording and Broadcast Suites, Building Automation, IPTV, IP Telephony and CCTV.

We are based in Kent, Southeast England, that's where we started over 10 years ago, and now cover the entire of the UK and Europe, as well as having the privilege of working with some of our larger clients all over the globe.

On the audio-visual side, we cover anything from ever popular 'Huddle' spaces for video conferencing, large boardrooms, divisible conferencing suites, all the way through to home and building automation, bespoke digital signage, commercial or residential multi zone sound systems, full coverage PA systems, lecture theatres/auditoriums and cinema rooms. We've yet to find anything AV that we haven't done before!

With regards to IT networks, we are well versed in large multi-use networks that ensure the highest levels of security whilst maintaining full and fast coverage of some of the largest buildings in London! We prefer to design bespoke networks for the client or building requirements / budgets and see this through all the way to client handover. But it doesn't stop there as we offer excellent aftercare and service contracts.

TESTIMONIALS

Matches Sports Bar
Client

"MADE AV were thrown in at the deep end with the installation of our Audio Visual Package including multizone audio and a complex AV over IP system. With minimal time and an open brief they delivered a high-quality install to give our customers the ultimate experience. Their knowledge was invaluable and I thoroughly recommend MADE AV to anyone looking for industry leading and ease of use installations."

CUK Audio - Distributor

"MADE AV offer the highest level of technical and design capability, with professionalism, and exceptionally high quality installations. We have worked with MADE AV for over 5 years on projects ranging from large financial institutions to large power and steel companies. There is no consideration for us, MADE AV are the only integrator we recommend."

Matthew Bartlett - Client

"Without a doubt, if MADE AV were not part of this project, we would have been months late for completion. I would absolutely recommend MADE AV, their professional, technical knowledge and flexibility is everything a complex project needs and MADE AV provided all of this and more"

Kromers – Goldman Sachs
Consultant / Client

"I have worked with many AV Companies over my 25+ years in the industry and would, honestly, recommend MADE AV to tackle the most demanding audio, digital signage and broadcast systems from design through installation, commissioning and aftercare."

McConnells - M&E Contractor

"MADE AV offered expert advise throughout and delivered what they promised, and on budget! We would highly recommend them to anyone looking for expert help in this field."
