## SAFETY SOLUTIONS

### **Exclusive Member to Member offer**

Sophus Safety Solutions is an independent safety consultancy and provider of health and safety services for the manufacturing, construction and services industries in South East England.

Our great value service provides realistic and practical advice, and a full range of health and safety services, to ensure that your business benefits from the most up-to-date expertise, keeping you compliant and protecting your business, employees and customers, even across multi-site operations.

For Kent Chamber members we are offering a 'FREE snapshot' visit to review your activities and offer advice on potential areas of improvement which would benefit your business saving you time and money.

Whether your business is new, growing or well established, expert help and advice to ensure the health, safety and wellbeing of staff and visitors is vital to your future success, and the investment needed is a lot less than the cost of a potential claim in the future. Yet, when your priority is developing your business, health and safety compliance is often the last thing you, as a business owner, want to be spending time on.

### **Health and safety – the business benefits of getting it right**

Managing health and safety well offers significant benefits and opportunities, including: reduced costs, reduced risk, fewer accidents, lessened threat of legal action, lower employee absence and turnover rates, improved standing among suppliers and partners, better reputation for corporate responsibility among investors, customers and communities, increased productivity, because employees are healthier, happier and better motivated.

Let Sophus Safety Solutions make it easy for your business to enjoy the benefits and avoid the pitfalls.
